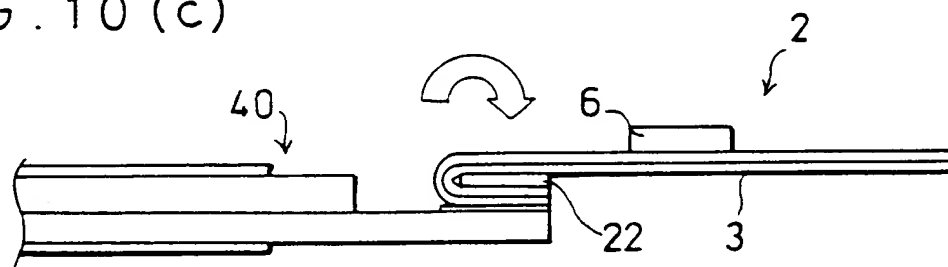

FIG. 11

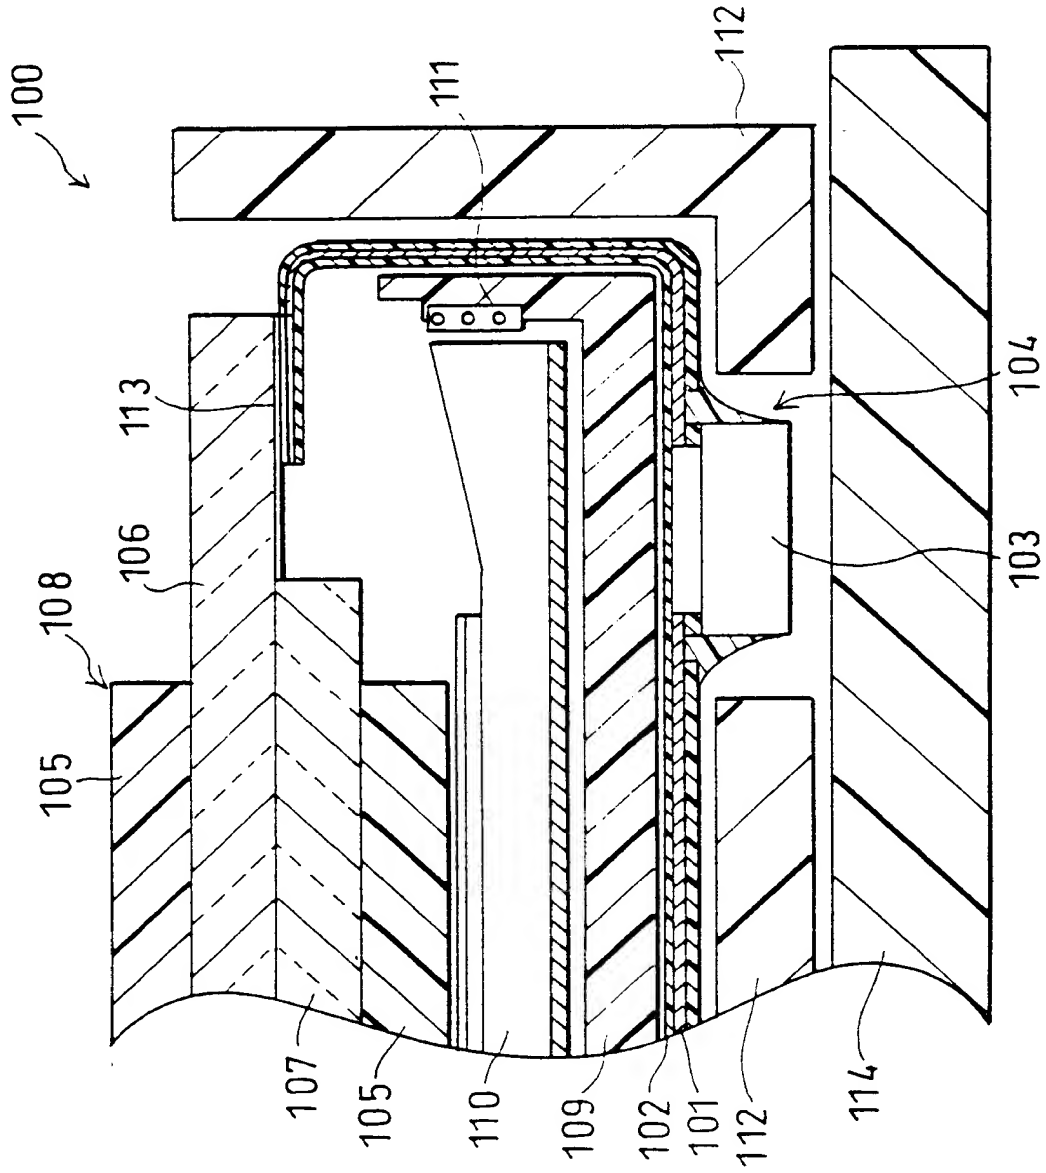

FIG. 12 is a perspective view of the device 200 in a closed position. The device 200 includes a main body 202, a handle 201, and a plurality of blades 203. The blades 203 are arranged in a row and are connected to the main body 202 by a hinge mechanism 210. The handle 201 is connected to the main body 202 by a hinge mechanism 211. The device 200 is shown in a closed position, where the blades 203 are folded against the main body 202. The length of the device 200 is indicated by the dimension line L.
